

Elevating To Serve You Better

We'll be upgrading our Outpatient Drop-Off to include a canopy to better shelter our patients moving between the hospital buildings. This will result in some areas being closed, access rerouted, and some noise during the construction hours.

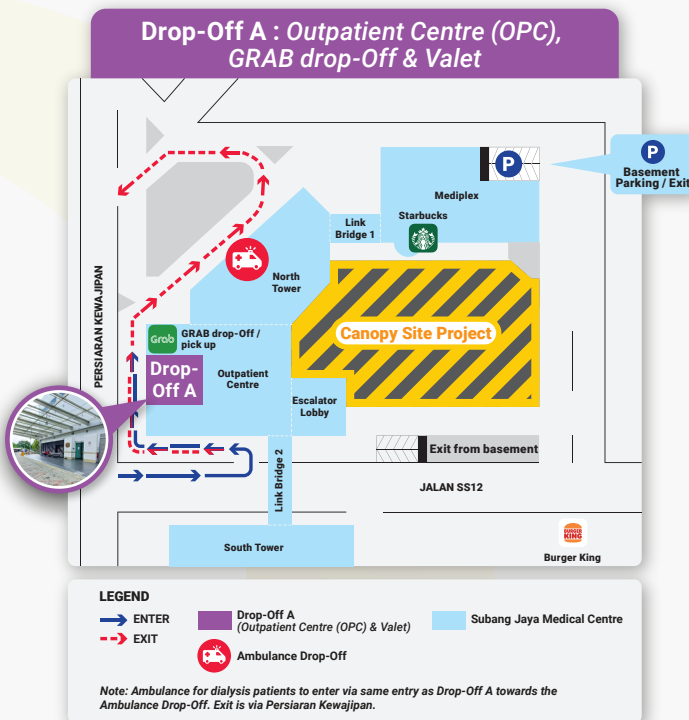

Canopy Project Start Date:
18 February 2025

Construction Hours:
8.00am – 7.00pm (Daily)

Temporary Pick-up & Drop-Off Area

We appreciate your patience & understanding during this time of improvement.
